PEDERSEN CUP

Comes to Edmonton Edmonton Hockey Team Wins Its Seventh Straight Victory.

The Pedersen cup is Edmonton's won in three straight victories. Last night the third game was played and the victory was Edmonton's by a score of 3 to 0.

The night was bitterly cold, the Strathcona skating rink colder, and their grand stand colder. A comparatively small crowd was present, and scarcely more than twenty from Edmonton.

The game started out slow with alternate success. Strathcona was playing a good combination, which soon showed itself in repeated onslaughts on the Edmonton nets.

Edmonton goal was repeatedly saved by Lenny Goodridge, who played a splendid game. He stopped shot after shot which the Strathcona forwards showered in on him.

The game was clearly Strathcona's and their first game was scored after five minutes' play. Strathcona 1, Edmonton 0.

After about four minutes' playing Strathcona scored another goal. Strathcona 2, Edmonton 0. Strathcona's enthusiasm commenced to get hoisterous and finally boiled over in tremendous cheering.

The red and white had clearly decided that Edmonton's victories must cease, and frantic rushes by Dobson, Kent and Blain succeeded in adding another tally. Strathcona 3, Edmonton 0.

A great deal of long lifting, the "arms" game, was indulged in. After about three minutes' playing Edmonton scored again and the green and white contingent made things lively in the cheering line. Edmonton 4, Strathcona 3.

Enthusiasm now got intense and great cheering was in order. McKernan repeatedly took dangerous long shots, one of which succeeded in breaking the tie. Strathcona 5, Edmonton 4.

Each team scored, which brought the score up to, Strathcona 5, Edmonton 5.

Wright and McKernan were sent to the fence for lovingly embracing one another. Shortly afterwards Rennie was ordered to adorn the fence for lagging offside. Wright got back again slightly vexed, and to good advantage. He made a brilliant rush, passed to Sibbald, who landed the puck in the net for Edmonton. Strathcona 6, Edmonton 6.

Full time found the teams with a score of 6 to 6, and thoughts went back to the frantic struggles of last winter. It was decided to play five minutes each way.

Both teams got down to hard work and here is where Edmonton's endurance showed itself. The first five minutes resulted in neither side scoring and in the second five minutes Edmonton scored twice, leaving the final score 8 to 6.

Edmonton had won the Pedersen cup by three straight victories. This is Edmonton's seventh straight victory this season.

The line-up of the teams was:

Edmonton	Goal.	Strathcona
Goodridge	Point	Hewitt
Robertson	Centre	May
Belhamy	Cover Point	McKernan
Wright	Left Wing	Blain
McDougall	Centre	Kent
Sibbald	Right Wing	Dobson
Greenwood	Right Wing	Rennie
Hugh Campbell	Goal	Hewitt

Hugh Campbell made a very important referee.

EGG LAKE

(Correspondence).

There are very few men around Egg Lake this week, as the majority are either freighting, hunting rats, or in the bush getting out lumber. Several loads of flour left here yesterday for the landing, and the freighters expect to get other loads there and go on to Lesser Slave Lake.

Last Monday night there was quite a pleasant time at Fred Beaudry's, the occasion being the raffling of a fiddle belonging to a local musician. Dancing was kept up till morning, and Jacob Schmitzer went home the grand possessor of the fiddle.

A number of cattle have died here lately. N. E. Logan lost two calves and a cow, and Jos. Page lost a heifer.

Numbers of teams are passing every day to the bush and returning with loads of lumber. We understand that one or more timber limits have been bought a few miles north or northwest of us, and that lumbering will be carried on vigorously while the timber lasts. In this connection the complaint of a settler in a recent issue of the Bulletin seems timely enough. With the best timber in the hands of private parties, and the lumber hauled off to Edmonton as soon as cut, how long will the settlers enjoy their promised abundance of timber for all their needs?

We had the pleasure of reading again not long ago, the old, old story of the winter robins. It is just possible that closer observation would have shown the "number of robins" to be a flock of birds which appear occasionally during unusually cold weather or before it. These birds are about the size of robins, and have enough reddish color on their breasts to be sometimes mistaken for robins by very careless observers.

Here at Egg Lake, however, we have a genuine curiosity in the shape of a winter blackbird. It is wintering outside too, passing most of the time in an open shed, with an occasional visit to the stable when the door happens to be open. The recent cold snap seems to have had no bad effects on it, so that its chances are good for pulling through till spring.

Another eagle, belonging to Alex Lagasse, passed here today on its way to the bush. This is the third that has come up by way of Egg Lake in less than two weeks.

FOSTER'S WEATHER FORECAST.

Washington, Jan. 30.—My last bulletin gave forecasts of disturbance to cross continent Feb. 2 to 6, warm wave, 1 to 3, cool wave 3 to 8. Next disturbance was reach Pacific coast about 7, cross west of Rockies by close 3, great central valleys 9 to 11, eastern states 12. Warm wave will cross west of Rockies about 10, great central valleys 11, cool wave will cross west of Rockies about 12, eastern states 14.

The features of this disturbance that will be of most interest will be its cold wave, rain south and snows north. The storm will develop considerable force, but not such as is expected near Feb. 3 and 17. The cold wave will be general, but not very severe till it gets out on the Atlantic about 16 or 17.

Indications for average February temperatures in the great central valleys, above average in the northeastern and south-western states. Coldest weather will come with the cold wave to reach northern 30 about 2 and warmest weather with warm wave to reach northern 30 about the 17th. Most precipitation will come with the rain belts that will sweep meridian 90 about 1 and 15. Storms will be at their greatest force near 3 and 17. Rainfall of the month will be generally about or above normal, except in the southeastern states, where it will be below normal.

BLACKFALDS

The new town of Blackfalds is the central station between Calgary and Edmonton. Eighteen months ago there was nothing here but the side-track of the Calgary and Edmonton railway.

We now have three general stores, one hardware store, one grocery store, one drug store, one harness shop, one meat market, two livery barns, one stable, one hotel, two boarding houses, one printing office, two churches (Methodist and Presbyterian), one government creamery, one lumber yard. The railway station house is nearly completed. We also have a blacksmith shop, two real estate offices and a barber shop. More than twenty dwelling houses have been erected within the eighteen months. Blackfalds is located on the Calgary and Edmonton railway, one and one-half miles north of the Blindman River, on one of the most beautiful town sites that can be found anywhere in Alberta. All we ask is that anyone passing on this line or railway will take the trouble to stop off at Blackfalds and see for themselves whether we are telling the truth or not.

The country around Blackfalds has made as rapid progress as the town. More than 500 cows stand pledged to

support the creamery, and mixed farming is carried on extensively in the surrounding country. A large percentage of the oats grown in this vicinity will be sold for seed oats for the coming season, and lands have more than doubled in value within the last two years. We need a bank and a grain elevator, which we hope to have in the near future.

INGA

The young people of Inga greatly enjoyed a birthday party that was given at Mr. Mead's, Stony Plain, on Friday, Jan. 29. In spite of the stormy weather in the evening a very sociable crowd gathered, just the right crowd to have a good time. Rose Newell and Neil McMillan played the violin, and Mr. Stevens and his son, Levi, accompanied them on the organ. After midnight they all congratulated Tom Meads on his birthday. The crowd left for home about five o'clock in the morning, all having had a merry and jolly time. There were also a few attended the dance who were not from Inga.

A gramophone concert will be given in the Warden schoolhouse on Feb. 5th and 6th, at 7 p.m. It will consist of band, banjo, recitations, solos, etc.

January 30th.

CURRY-WALKER

Oak Lake News, Jan. 29.

A very pretty wedding took place on Tuesday evening last. The contracting parties were Miss Emma J. Curry, of Bellefleur, Ont., and Mr. E. A. Walker, of Fort Saskatchewan, Alta.

A few minutes before eight o'clock, the bride entered the church, leaning upon the arm of her brother-in-law, Mr. E. E. Orr, by whom she was given away. She was daintily attired in a dress of cream crepe de chene over white taffete, with large white picture hat and carried a beautiful bouquet of white roses and maiden hair fern. Miss Nina Curry, of Oak Lake, attended her as bridesmaid, wearing a dress of white organdy, with black picture hat and carrying a bouquet of pink carnations and anemones, while Miss Jessie Lind, in a pretty dress of white silk and carrying a bouquet of pink and white carnations made a charming maid of honor. The bridesmaids of the groom were ably looked after by Mr. R. L. Curry, of Saskatchewan, brother of the bride. The church was decorated with flowers for the occasion and there were a large number present to witness the tying of the nuptial knot by Rev. R. S. Ryall. At the conclusion of the ceremony the happy couple left the church to the strains of the wedding march and repaired to the residence of Mr. and Mrs. E. E. Orr, where along with a few invited guests, they partook of refreshments. Mr. and Mrs. Walker left on the 12:30 train the same night for Fort Saskatchewan, where Mr. Walker is a mining agent, and where they will make their home. The bride is very well known in Oak Lake, having spent some time last summer visiting her sister, Mrs. Orr, and while Mr. Walker had only been in town for a few days he had already made many friends.

WINNIPEG MARKETS

Commercial, Jan. 23rd.

Out.—The market is a little firmer without any specific reason for the feeling. Deliveries in the country are light, owing no doubt to colder weather, which prevents farmers from moving about.

No. 2 white oats, 1-2 moving about. No. 1-2 to 32c for carlots on track and feed grades, 30 to 39 1-2c. Farmers' loads at country points bring 24 to 25c and on the street here 30c per bushel.

Barley.—Offerings are very light. Maltling grades are bringing 36 to 37c per bushel in carlots on track here, and feed grades 34 to 35c. Farmers are getting about 28c at country points.

Wheat.—Manitoba wheat has been strong or otherwise according to the changes in the American markets. On the week prices close 1-1-4c higher on the highest grades, but feed wheat is about 3c lower. At the close of business yesterday, we quote: 1 northern, 83c; 2 northern, 80c; 3 northern, 76c; No. 4 wheat, 67c; feed wheat, 48 1-2c; feed No. 2, 38 1-2c; spot or January delivery, and for May delivery, 1 northern, 87c; 2 northern, 84c; 3 northern, 80c; No. 4 wheat, 71c; all in store Fort William or Port Arthur.

COLD WEATHER IN THE EAST

Toronto, Feby. 3.—Temperatures are below zero in Alberta as well as further east and a disturbance now approaching the Pacific coast is likely to bring a snowfall near the mountain weather is probable in Manitoba. It continues extremely cold in Ontario and Quebec.

WHEAT AND OAT QUOTATIONS
